

#StrongSafeFabulous Campaign

To promote healthy relationships and prevent violence in
LGBTIQ+ families

Purpose:

Prosper (Project Australia) and Rainbow Families NSW are working collaboratively on a project to address gendered violence in rainbow families across Australia. Unfortunately domestic and family violence occurs at similar if not higher rates amongst sex and gender diverse communities than in the general community ([Rainbow Health Victoria, 2020](#)) however we know that we can change the picture and prevent violence in our communities. We can all be part of community wide change through:

- Supporting positive, equal and respectful LGBTIQ+ relationships and communities
- Promoting pride in LGBTIQ+ bodies, identities, families and relationships
- Raising awareness and community capability to respond to violence

([Rainbow Health Victoria, 2020](#))
